Thought for the Day

Grandparents bestow upon their grandchildren the strength and wisdom that time and experience have given them. Grandchildren bless their grandparents with a youthful vitality and innocence that help them stay young at heart forever. Together they create a chain of love linking the past with the future. The chain may lengthen, but it will never part.

Grandparents are a family's greatest treasure, the founders of a loving legacy, the greatest storytellers, the keepers of traditions that linger on in cherished memory. Grandparents are the family's strong foundation. Their very special love sets them apart. Through happiness and sorrow, through their special love and caring, Grandparents keep a family close at heart.
